

# Caprifloor Staple gun

For installing  
underfloor heating

## NEW GENERATION STAPLE GUN

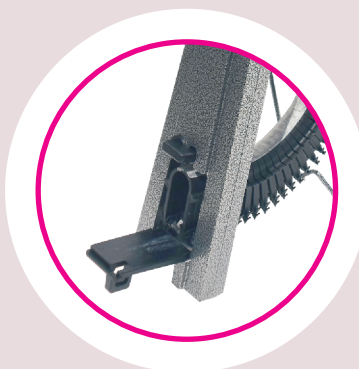

Caprifloor Staple gun meets all the requirements of modern underfloor heating installer. Staple gun is a tool for fast and convenient inserting pipe clips in the insulation layer of polystyrene.

## NEW CAPRIFLOOR STAPLE GUN

### Easy To Unlock

In case clips jam in the gun, there is a possibility to quickly unlock the device and continue work. Unlocking the gun is possible thanks to easy-to-use inspection window.

### More staples on the driving guide

Extended guide allows loading up to 4 staple packages which increases the efficiency and convenience of an installer.

### Put the gun straight

Standard solution for Caprifloor gun is a kickstand enabling putting the gun aside straight.

### Resistant

All elements of the gun are made of resistant and highly durable materials. Joined elements are strengthened eliminating the possibility of failure. New staple gun is the perfect tool for every installer.
