Main benefits from outsourced procurement

Significant savings that raise the company's profit line

Saving time and resources

Company's focus in core business

Increasing availability and operational flexibility

Ensuring suppliers compliance with agreements terms (products / services)

Reducing risk exposure and increasing the chance of realizing opportunities

Why Us

B Diverse provides diverse purchasing solutions to the largest organizations and companies in the market. We bring vast experience and background in managing large and most challenging procurement systems in the country, specializing in characterizing and implementing some of the most advanced procurement methods and processes in the world, using innovative technologies we own to locate supply sources and control agreements. We have been involved for many years in the establishment and management of procurement units, as well as in the formulation of tenders and agreements with external suppliers in the major entities in Israel.

Eyal Aharoni, who leads the service, is also the chairman of the Israel Purchasing and Logistics Managers Association - [LinkedIn](#)
