Click the pull-down arrow at the top left corner to add a family and manage families.

One account can manage multiple families at the same time. The user can operate a device in a family by selecting your family.

NO.3.2 Family/Member Management

Click "Tuya"to go to the Family Settings page, as shown in the figure

After the invitation is sent, "Waiting to join" will be displayed before confirmation.

Administrators can click here to invite other family members to join the family

Add/Delete rooms in a family and manage all room settings in a family in one place

Administrators have the highest level of access, which allows them to manage access to devices or access granted to other family members

The added member will receive a pop-up reminder in the App, and you can choose to accept or refuse it.

Remove Family

In the meantime, you will receive the reminder in message center.

Address: 1 of 2/F, Building A, NO 128 Zhenxi Rd, Xiqu Industrial Zone, Xiaolan, Zhongshan City China

Tel: 86 760 2227 1666 joan@shengdengled.com

www.shengdengled.com

You can also control your smart lights by voice – you will need to have purchased an Amazon Alexa or Google Home device, then downloaded and setup the Alexa app or Google Assistant app.

Select the 'me' icon and then 'More services'. Select Alexa or GoogleAssistant and follow the instructions
